
What to do with mixto???

Posted by The Tequila Guy - 2010/07/19 03:24

An associate knew I liked tequila. HOWEVER, as they were changing jobs, found two half gallon bottles of mixto. (I'm leaving the brand off to be kind. FYI - most bars don't carry this stuff)

Hmmm.... what to do??

Don't think I'm drinking it, mixing it or cooking with it. Anything else you can do with tequila??

Let me know your suggestions.
